Through the passage of the City of Encinitas City Council Resolution Nos. 2020-33, 2020-40, 2020-53 and 2020-60, the City suspended various regulations and permit restrictions to assist businesses that have been impacted by COVID-19 by allowing underutilized outdoor space, located within public rights-of-way and on non-residential private properties, to be converted to accommodate outdoor commercial operations. Pursuant to the City Council Resolutions, the approval for temporary outdoor commercial uses shall expire when the COVID19 Local Emergency is terminated. The Governor extended the regulatory relief that allows restaurants and bars to maintain their expanded outdoor operations through the end of 2021. The purpose of the workshops is to discuss the deadline and solicit feedback from the business community.
